

Children's playground in the alps

Hello, would you like to go for an adventure in the mountains?

Up on Füreinalp you can bounce on the trampoline or race down the slide and much more. There is a lot to discover. The cable car floats up breathtakingly over the sheer rock face. You won't believe how small the people down in the valley become. Once you have reached the beautiful alp up at 1850m, a great playground, alp hut, lake and mountain stream are waiting for you.

Mirror Lake and Panorama Lake

In both of these small lakes you can find frogs, and if you are very patient even a salamander. Many tadpoles romp around at the edge of the pool and wriggle in the water. You can make a bet with your friends or family as to which animal moves first or makes it to the other side first.

Barbeque or eat in the restaurant

Did all that exploring make you hungry? Why not cook a sausage over an open fire at the edge of the stream? When I was your age I used to make dams in the stream and played rafting with pieces of wood. There were even small waterfalls and rapids to get over. Wow, how we laughed. I would also understand it if you would prefer to eat in the restaurant. There are so many delicious things to choose from there. My tummy is rumbling just thinking about it!

Grotzliweg

Sshhh, was that a marmot? It might well be, as these can be found in the upper part of the 'Grotzliweg'. What are 'Grotzli'? They are little fir trees, which never grow tall due to the long winter. During the tour you will keep finding little springs, in which you can refresh your arms and legs. You see butterflies, colourful flowers and on the other side of the valley the high mountain peaks and glacier.

Sleep over in the Alp hut

It smells of hay and after a lovely day on the Alp you can snuggle down under your duvet. If you would like to you can watch the farmer milking the cows before you go to bed. Once you are in bed you can chat about all the things you've experienced on the alp. Maybe when you hear the beams creaking, you can even think up a ghost story. I loved listening to all the strange noises and made up all sorts of stories. Sleep well.

In the winter you can travel for free in the cable car if you are under 16 and are accompanied by your parents.
